FIGHTING IN DARDANELLES

Allied Fleet Prevents Turks From Mounting New Guns

RAKING POSITIONS

British Ship Amethyst Penetrates Far up Straits and is Seriously Damaged by Forts.

London, March 17—French warships co-operating with a British landing party, have prevented the Turks from mounting new guns near the Dardanelles entrance to replace those wrecked by fire from the allied fleet, Athens dispatches report today.

A French flotilla, standing just inside the entrance to the strait, raked the Turkish positions east of Kum Kale with shell fire for several hours The Turks finally abandoned the attempt and withdrew.

The admiralty early today had no official dispatches to make public regarding the Dardanelles and Smyrna bombardments. Several unofficial reports, however, agreed that the British cruiser Amethyst penetrated far up the Dardanelles and was seriously damaged, at least twenty of her crew being killed.

Admiralty officials do not credit the report that the Amethyst ran past Kilid Barh and Sultanie and entered Nagara Narrows. They asserted that until the forts at the narrow entrance were reducted it was highly improbable that any warship could perform such a feat.

THREATENED WITH DEATH

Richmond Detective Receives Anoymous Letter.

Richmond, March 17.—The murder of Detective Sergeant Fred L. Krengel was threatened yesterday unless the detective resigns from the police force within thirty days.

The threat was made in an anonymous letter which the detective received yesterday at noon, and is a result of the officer's testimony before Mayor Ainslie Vice Commission.. It takes Detective Krengel to task for testifying before the commission and charges that he made a fool of himself.

Up to a late hour last night efforts to trace the letter to its source had been futile. The epistle was written on a typewritter, the make of which has been ascertained, and bore every trace of having been composed by a person or persons of average education who attempted to leave the impression that it was the work of an illiterate letter writer. The letter was written on linen note paper and inclosed in an envelope of the same character.

As the threat was sent through the United States mail, it is a matter for a government investigation.

SUDDEN DEATH OF MRS CLINE

Wife of Engineer Succumbs to Heart Trouble This Morning

Mrs Alice R. Cline, wife of William R. Cline, a well known engineer of the Southern Railway, was found dead in her bed at her residence, 324 south Pitt street, at 5 o'clock this morning. Her husband was preparing to leave for his run when he discovered that his wife was dead. The cause of the death was heart disease from which Mrs. Cline has been a suffered for a number of years.

DEATH OF MRS. BINGHAM

Mrs. Maggie E. Bingham, 69 years old, died suddenly from applexy at the Alexandria Hospital last night. Her body was removed to her home at 1105 Duke street and will be sent to Roanoke, Va. tonight for burial. Mrs. Bingham is survived by one son.

NEWS OF THE DAY

It is officially estimated that the German lost 18,000 men in the fighting around Neuve Chapelle north of La Bassee, in France, on March 10, 11, 12, and 13. These figures are contained in the bi-weekly report of Field Marshal French, made public by the government press bureau.

From the begining of the war up to March 10 166 British merchant ships were interned, captured or destroyed, it is announced by Winston Churchill, first lord of the admiralty.

Aviator Frank Stites fell 200 feet with his machine at Universal City Cal., late yesterday afternoon and was fatally injured, dying half an hour later in the hospital.

Detectives, wearing the plain clothes of household attendants, armed with automatic, rapid fire revolvers and bearing sealed orders yesterday went on guard in the English, French, Russian and German Embassies Washington to protect the lives of the Ambassadors from those nations against men stirred to fanatticism by war and whose letters threatening bomb throwing nave alarmed officials of the state department.

Twenty-eight of the crew of the British light cruiser Amythist were killed and about the same number wounded when Turkish batteries succeeded in hitting her during operations against the Dardanelles tortifications. Twenty two shells struck the Amythist.

Tentative plans for the two great Dreadnaughts recently authorized by Congress provide for construction of a section tier of compartments inside the hulls to keep out torpedoes It is said a torpedo discharged from a submarine, even if it penetrated the side of a ship so built, would explode in the outer compartment, and would not sink the vessel.

Harry K. Thaw yesterday suffered a serious reverse in his battle for freedom. Supreme Court Justice Page of New York denied the motion of Staford White slayer to be returned to the State of New Hampshire following his acquital Saturday on a charge of conspiring to effect his release from Matteawan.

The last eight official Prussian casualty list contain 33,144 names, bringing the grand total of killed wounded and missing since the war began to 1,050,020 men.

There are said to be 100,000 soldiers buried in a triangle only a few miles in size between Warsaw and Skierniewice,

Gen. Mateo Almanza, a Carranza commander, and his entire staff have been court martialed for treason and executed at Torreon Mexico, by Villa authorities, according to a report to the Villa agency in Washington yesterday.

FARMER AND WIFE SUICIDES

Religious Frenzy Blamed For Act Of Sunday Followers

Reading, Pa., March 17—Over zealousness in religious matters and what is believed to have been a desire to offer themselves a sacrifice to God are believed to be the reason for the double suicide of Mr. and Mrs Edward H. Seiverd, aged 42 and 46 years respectively, whose bodies were found yesterday hanging in the barn on their farm near this city.

They had been ardent supporters of Billy Sunday and eagerly read every word about him that appeared in print. They took an enthusiastic part in the revival services in progress for a month in the United Brethren Church at Elverson. Last Sunday their oldest son Jacob, aged 15 years, was baptized.

Returning home they told him that he would not have a father and mother to look after him and his brother much longer and that they would soon go to the Lord. They told hm where the family cash was hidden and discussed other business matters with him. The boy dismissed the matter until he found the bodies of his parents hanging in the barn. In one of the father's pockets was found a note stating that they had committed suicide and giving directions for settlement of his affairs.

FLOODS FORCE GERMANS BACK

Melting Snow Causes Orzec River to Overflow its Banks

INUNDATE TRENCHES

No Germans Said to be Within Seven Miles of Przasnysz—Austrians are Falling Back.

Petrograd, March 17— Floods in the valley of the Orzec river have forced the Germans threatening Przasnysz from the northeast to retire for a distance of nearly two miles, according to Warsaw dispatches today.

Melting snow caused the river to pass out of its banks, inundating the shallow trenches thrown up by the enemy when their forward movement was begun from Chorzeld. There are no Germans now within seven miles of Przasnysz.

Bombardment of Ossowetz by the German 42 centimeters continues. Because of the distance at which the shelling is preceding only slight damage has been done. To the north the enemy has made sporadic attempts to reach the Niemen about twenty five miles northwest of Grodno.

The latest Austrian attempts to march toward Przemysl apparently has been abandoned. The Austrians are falling back in the Uzsok and Lupkow pass regions after having lost several regiments and enormous quantities of war munitions. The Russian forces besieging Przemysl have moved heavy artillery closer to the outer forts, and have resumed the bombardment.

Southeast of Stanislau where the Archduke Ferdinand's Austrian army halted in its retreat from the Dneister, another big battle is developing.

NETS IN LOWER POTOMAC

New Army Regulations Reported Violated.

Reports brought by vessel masters from the lower river are to the effect that in spite of the new regulations issued by the army authorities to keep nets in the river and bay within certain bounds, those being put out in the mouth of the river, in the vicinity of Blackstone Island extend further out into navigable water than ever before. The nets effectually block the progress of shad and herring to the fresh water portions of the river where they go to spawn and render valueless the new regulations as far as they apply to the Potomac.

The United States engineer service steamer Castle is reported in Chesapeake bay for the purpose of seeing that the nets are kept within bounds, The net owners will be required to take up the nets now located in navigable waters. The new regulations prescribe that "in water tributary to Chesapeake bay no fish nets stakes shall be placed further from the shore than a third of the distance across the stream in wide portions. No stakes shall be planted within the limits of regular navigable channels, as laid down in the charts or as generally used.

In addition to this the regulations forbid the placing of a net within 500 feet of any buoy or other aid to navigation. It is asserted that the nets in the mouth of the Potomac are located in thirty-five feet of water, and are within the prohibited distance of aids to navigation.

SCHOOLS FREE ONCE MORE

New District Bill Opens Washington Schools to Children of All Employed in the City.

The appropriation bill for the District of Columbia, which was passed by Congress on March 3,contained a joker for nearby Virginia and Maryland. It admits free to the schools of Washington the children of all persons employed in the District. The Washington school authorities are already making inquiries as to the standing of pupils so that they may be ready for the changed condition when the law goes into effect on July 1 next.

For many years children from adjacent parts of Virginia and Maryland were admitted without charge and with very little inquiry to the schools of the Capital. Then came a narrowing of the privilege to the children of persons employed in the District and pupils were closely questioned as to their status. Finally the law gave free entrance only to children of Government employees. Others had to pay tuition, or tutelage, as the law calls it, and not a few deserving children were stopped from school at the critical high school age because the parents felt they could not afford the luxury of further education.

Last year a hearing was held at the behest of Senator Martin, and among other pleas it was argued that it was bad public policy in a democracy at least, to interpose any barrier between children anywhere, and the best education they would take. It would be better to charge non-residents of Washington toll for coming into the city and using the streets it was argued. But the best that could be got then was the acceptance of any taxes parents might pay in the District as a credit on account of tuition. Theretofore the taxes were not credited unless they amounted to enough to pay the tuition in full.

This year no public hearing was held but Representative Carlin the Virginia Senators and the Maryland Congressmen seem to have united their efforts to secure the further advantage of free entrance to Washington schools of children of all persons employed in the District whether in the Government service or not; and this is understood to include all who have regular business in the District whether employed and paid salaries or not.

LEAVING MEXICAN CAPITAL

State Department Here Is Assisting in General Exodus to Vera Cruz

Washington, March 17—The foreign population of Mexico City will be materially reduced. An exodus of non-Mexicans to the coast is now in progress, and the State Department is lending its assistance.

All foreigners who can do so are going to Vera Cruz where they can be protected by the guns of American warships, should a necessity arise.

Consul John R. Silliman, at Vera Cruz, is co-operating with the Brazilian minister, who represents the United States, and Carranza and Villa have both been asked to furnish trains and uninterrupted transportation to the coast for all foreigners desiring to go.

Reports of minor looting by Zapatistas have reached here, but there has been no confirmation of El Paso claims that a wide -spread carnival of murder, rapine, and robbery had been instituted by the Zapatistas. In fact the State Department reports, are flatly contradictory of this condition, saying that the "city generally is calm."

The Brazilian minister has been ordered to investigate the report reaching the Swedish minister that a number of Swedish subjects have been robbed. He will also again impress on Zapatista commanders that maintenance of order and complete protection of foreigners is now the new policy of the United States.

DEVELOPMENTS IN THE BALKANS

Relations Between Italy and Austria About to be Severed

SERBS MASS TROOPS

Important Bulgarian Movement in Direction of Frontier—Promised Adrianople at End of War.

Rome, March 17—Rumors of important developments in the Balkans today divided attention in diplomatic circles with reports that Austria and Italy are nearing a break.

Private advices from Uskub indicated a massing of Serbian troops in the direction of the Albanian frontier. This gave rise to a report that Serbia had determined upon a sudden invasion of Albania with the object of obtaining a hold on the Adriatic.

It is stated on high authority that Italy will abandon her attitude of neutrality within a fortnight.

What is believed in high quarters to be an authoritative outline of the territorial demands of Italy and the position of Austria in regard to them has been obtained and no likelihood of an adjustment is apparent.

Another report from Salonika said that important Bulgarian movements have been observed in the direction of the Turko-Bulgarian frontier, indicating a Bulgarian movement southward toward the Gulf of Saros.

The foreign office has received assurances that the allies have consented to the proposal that Bulgaria shall be allowed to occupy Adrianople when Constantinople falls. Rumania will make no move until Italy decides on intervention, as the aspirations of both countries are identical. Both claim Austrian provinces, which they will simultaneously invade, if they decide to join the allies. It also removes the possibility of Greece staying out, as there will then be no danger of an invasion of Macedonia by the Turks.

EITHER FIGHT OR SHUT UP

So Says Vice President Marshall Criticising War Jingoes

Chicago, March 17—Citizens who think the United States should take part in the war should be made to enlist in the army before being allowed to spread their doleful predictions broadcast, Vice President Marshall said yesterday.

"This is the first time in 40 years observance that I have found public men disputing what at one time was considered an axiom." he continued "that party politics end at the seashore.

"There was a time when I, too, thought it was our duty to go out and whip anyone anywhere who happened to shake a finger at Uncle Sam. I have changed my mind. I oppose war unless I am willing to ask the Government to place me in the front ranks of our army."

Ends Life With Poison

Honaker, March 17—J. Frank Griffith a prominent attorney of Honaker, Russell County, committed suicide a day or two ago by swallowing poison in Clintwood Dickenson County, where he attended court.

Mr. Griffith was identified withr politics in Southwest Virginia, having been allied with the Republican party during his political career. He served one term in the Virginia House of Delegates from Russel County, having been elected over one of the strongest Democratic opponents in the county by the largest majority ever given a candidate for office in the county.

During the past ten years Mr. Griffith had amassed considerable wealth in the timber and coal business.

ST. PATRICKS' DAY

St. Patrick's Day was quietly observed in Alexandria today. There was no public celebration, the Hibernians having held their St. Patrick's Day festival a week ago, when the National president of the order, Joseph C. O'Laughlin, of Philadelphia, was here. Many Irish flags were in evidence.

SINKING OF THE DRESDEN.

British Naval Officer Denies German Vessel was Sunk in Neutral Waters.

Valpariso, March 17—In the first detailed story of the naval battle off Robinson Crusoe's Island, Lieuenant Commander Fielding, of the British auxiliary cruiser Orama, today denied that the German cruiser Dresden had been sunk in neutral waters.

"The Dresden was about twelve miles off the point of Juan Fernandep Island when we sighted her," said Fieldinf. "We at, once gave chase, the cruiser Glasgow leading, the Kent close behind, and the Orama trailing slightly in the rear.

"The Glasgow closed in to short range and opened fire. She fired several shots before the Dresden's guns got in action. All the time the German was running in toward the coast.

"The Kent swung in to head her off. Before the Kent opened upon her, the Dresden's upper works were afire and it was plainly seen that her raiding days were over. The Kent had fired less than half a dozen shell when the Dresden ran up the white flag. We were ordered to stand by and take off the crew. Within a few minutes flames reached her magazine, there was a terrific explosion, and the cruiser went down.

"The story that she was sunk in Chilean waters is nonsense. That can be disproven by locating her hulk."

German wounded from the Dresden who were brought here praised the English ship commanders for their work of rescue, but asserted postively that the cruiser was sent to the bottom within less than half a mile of the island.

They said the Dresden was at anchor when she was fired on, and that her crew were ordered to take to the boats.

New York, March 17—According to a sea captain of Brooklyn, just returned from the West Indies, the German cruiser Karlsruhe was recently wrecked in a storm off the coast of Grenada in the Winward Island.

The captain, who refused to permit the use of his name, declares he saw the wreck on his trip north.

Athens, March 17—Salonika dispatches, report that the German cruiser Goeben, which, with the Breslau, was expected to be the mainstay of the Turkish fleet defending Constantinople, has been wrecked by striking a Turkish mine in the Sea of Marmora, and has been beached in Stenia bay.

TREASUER FACES SERIOUS CHARGES

Alleged Discrepancy in Books of Washington County Official

HE MAKES A DENIAL

An Auditor Will Make Report of His Findings in Going Over Accounts of John O. Bradley.

Abingdon, Va., March 17— A discrepancy, said to amount to many thousands of dollars—possibly $61,000—is alleged to have been discovered in the books of John O. Bradley for many years treasurer of Washington County. An auditor, employed by the Board of Supervisors, has been engaged in going over the books for the past seven months and, while he refuses to discuss his alleged discoveries, his official report will be made at a meeting of the board on Monday.

Mr. Bradley took notice of the well defined rumor that he is short $61,000 in his accounts and, in an interview, issued a most emphatic denial.

Assistant State Accountant Surber is here now auditing the books, and it is stated that his investigation will cover a period extending back to 1899.

It is said by those in touch with the investigation that Treasurer Bradley will be charged with having exacted too much commission. He has, it is alleged, made separate accounts of the monies due the State, county and schools, and has charged a commission of 5 per cent on the first $25,000 in each fund, with 3 1-2 per cent on the residue of each. This, the accountant is said to claim, is illegal. The treasurer, he says, should have aggregated the three funds, charging his commission of 5 per cent on the first $25,000 and that 3 1-2 on the remainder. During the fourteen years this practice is said to have existed, it has made a difference in commissions of from $1,000 to $1,500 a year, as the gross taxes for Washington County amount to more than $100,000 a year.

At his last settlement in July, 1914 Treasurer Bradley showed that he had in hand funds for all purposes amounting to $36,000. It is said that the accountant contends that the amount in hand should have been $61,000.

Treasurer Bradley has made annual settlement with the Board of Supervisors ever since he has been in office. He is said to contend that the commissions allowed to him are no different from what they have been since the office of county treasurer was established. He has he says, charged no more and no less than the county treasurers who have preceded him. He will claim, it is said, that he is entitled to what the Board of Supervisors has allowed him year by year in his annual settlement.

Death of W. A. McFarland

Washington, March 17—W. A. McFarland, Superintendent of the Water Department of the District and president of the Washington Society of Engineers, died this morning from pneumonia at his home, 3719 Morrison street, following an illness of two weeks.

Mr. McFarland was born in Brooklyn, N. Y., and was fifty one years old. In September, 1896 he was appointed principal steam engineer of the District and in November of the same year was promoted to Superintendent of the Water Department.

KAISER'S THROAT TROUBLE

Portion of Court Specialists Urge an Immediate Operation

Amsterdam, March 17—The kaiser is experiencing new trouble with his throat, and has to submit to drastic treatment. This is the reason why he has not been to the front recently. After his return from his last trip to the eastern armies his physicians, after examining his throat, advised the kaiser to be very careful.

The kaiser therefore, has remained in Berlin, taking daily treatment. There is said to be a sharp difference of opinion among the specialists, some favoring an immediate operation, and others opposing such a step. But the kaiser has not been seen in public once since his return to Berlin. The feeling is general that something grave is being kept secret about the kaiser's health.

PLACED TIES ON TRACKS

Attempt to Wreck Fast Passenger Train on the Atlantic Coast Line

The crew of a belated freight train which took the siding at Bush Hill, Fairfax county, about three miles south of this city, on Monday night discovered that ties had been placed on the track, evidently for the purpose of wrecking the north bound New York and Jacksonville fast train known as No. 80 of the Atlantic Coast Line, which was due at that station within a few minutes.

The oncoming train was flagged and stopped, after which the obstructions were removed and the train proceeded to this city.

This is the first attempt to wreck a train which has been reported in this vicinity for some time. On two occasions, several years ago, F. F. V. trains of the Chesapeake and Ohio Railway were derailed at Ravensworth, a short distance south of this city. Investigations showed that the switch had been turned and the oncoming train had run on the siding. The reappearance of such a fiend in this neighborhood is causing the railroad authorities no little annoyance, and every means is being taken to apprehend the outlaws.

MACHINERY FOR WARSHIP

Builders Prepare for Completion of Pennsylvania as Crowds Inspect Big Sea Fighter.

Newport News, Va., March 17—With the hull of the big super-dreadnaught Pennsylvania safely in the water, the force of the Newport News Shipbuilding Company is preparing for the installation of the great turbine engines and other machinery for the great $13,000,000 craft.

Besides the engines which will drive the ship there will be dynamos for lighting power, ammunition hoists, refrigeration machinery and the innumerable other needs of a first class battleship. Later on the vessel's armament will be placed.

Naval experts estimate that the Pennsylvania can be finished in eleven months if the work is rushed as fast as possible, and the ship may be put in commission next February. The work of building and equipping the ship is about 35 per cent completed.

The weight of the hull now in the water is but 15,000 tons. When completed the ship will have a tonnage of 31,400, nearly three times that of the Oregon which in the days of the Spanish war was considered one of our most formidable battleships. The Pennsylvania will have a speed of twenty-one knots, or about 24.17 miles an hour, which was considered very fast when she was designed in 1912. Since that time, however, European nations have designed and built much faster war vessels.

Many of the 20,000 persons who came to Newport News for the launching yesterday remained over today to make a more complete inspection of the shipyards and historical places near here. The presence of the German sea raider Prinz Eitel Friederich in the water here did much to draw a crowd, and her commander, Capt. Max Thierichens, attracted more attention yesterday than any one else at the launching, not excepting Secretary of the Navy Daniels.

IN MEMORIAM

METZGER.— In remembrance of our beloved son Albert R. Metzger who passed to a higher life one year ago today March 17, 1914.

One year for us without his presence.
One year of loneliness, grief and pain,
But still we smile amid our tears
In thinking our loss is but his gain
We miss him in our joys and sorrows:
He was our life, our center and our Sun;
And yet we would not call him back,
But whisper, "O God, Thy will be done."

By His Devoted Parents

IN MEMORIAM

In loving remembrance of our dear brother Albert R. Metzger.
The month of March once more is here.
To us the saddest of the year.
Because it took from us away
Our dear brother one year ago today.

Oh, how hard we tried to save him!
Prayers and tears were all in vain:
Happy angels came and bore him
From this world of grief and pain.

By His Brothers and Sister.

FOUND WITH THROAT CUT

Arthur B. Denman Meets Mysterious Death on Board Chesapeake & Ohio Train.

Greenup, Ky. March 17—Mystery surrounds the death of Arthur B. Denman, sixty-five years old, of Ashland, Va., who was found dead yesterday morning in a car of the Chesapeake and Ohio train No. 5. The man's throat was cut, and circumstances of his death remain unexplained.

The man boarded the train at Ashland, Va., on Monday night. He had a ticket for Dayton, O., Just what time he met death is not known. None of the other passengers on the train saw or heard anything unusual during the night. When the train reached a point just east of this place the dead body was discovered. To add to the mystery, the weapon which caused Denman's death could not be found, although search was made.

Cash to the amount of $2,206.33 was found sewed up in a small salt bag, which in turn was sewed to the man's undershirt. The bag also contained certificates of deposits on banks of Ashland, Va., Medina, O., and Pitford, Mich., There was also found a deed and mortgage from his brother, George H. Denman as guardian of A. B. Denman, showing that Arthur B. Denman, was once declared by a court to be of unsound mind and George H. Denman appointed his guardian: that, in September 1914, he was adjudged by another court to be of sound mind, and his guardian transferred his property back to him.

A Plain Talk About Linens And Their Places.

We wish to make a fair and plain statement of facts in regard to the price of Linens. All goods made of flax have been steadily advancing in price since last August, due to the chaotic conditions which prevail abroad both in growth and manufacture. Add to this the vastly increased cost of bringing goods here from foreign ports.

So it seems only fair that we should again bring this truth to the attention of our patrons, as it is reasonable to believe that sooner or later you will be compelled to pay much HIGHER PRICES FOR LINENS.

From time to time, no doubt due to business exigencies, Linens and Flax Goods will be offered you at most attractive prices. This will be the exception, rather than the rule, however.

We are determined to maintain regular prices as long as our very large stock holds out and we are fortunate in having made more extensive purchases in the linen markets last summer.

GREEN RULING COLOR TODAY.

The weather was threatening yesterday, and the cold northeast wind and cloudy conditions were suggestive of snow; hence it was generally supposed that today would be accompanied by a variety of weather, as is often the case on St. Patrick's Day. There was an agreeable disappointment this morning when it was seen that the wind had changed to the northwest and that cold and clear conditions would prevail during the day.

Irish flags appeared upon some buildings and the brisk breeze kept them extended, exposing the harp of Erin. Many persons wore shamrock in their buttonholes and green was the dominant color in store windows and other places.

Services appropriate to the memory of St. Patrick were conducted in all Catholic Churches today and Irishmen and descendants of sons of Hibernia will meet tonight in every city in the United States for the purpose of doing honor to Erin's saint. The celebration in Alexandria was held a week ago.

As has been the case throughout the country, Irishmen were among the pioneers of Alexandria. Guy Atkinson, Dr. James Carson, John Carlyle, Nehemiah Clifford, William Dunlap, James Douglas, William Herbert, Robert Brown Jamesson, John Kincaid, Michael Madden, Jesse Taylor, Jr. Robert I. Taylor and William Taylor were among our first citizens.

Their descendants fought in the revolutionary war as well as the second battle for independence in 1812, and were among the Alexandrian who went to Mexico, and they formed a company which fought for Southern rights from 1861 to 1865.

The federal army had its Irish brigade under General Meagher, and the Sixty-ninth New York Regiment another Irish organization was commanded by Colonel Corcoran, who was captured at Bull Run.

It is said that about this time last year, when war seemed inevitable that the German Emperor assumed that the Home Rule issue would virtually tie England's hands, and that the country would be in no condition to aid France, as troubles at home would necessarily keep her out of the fray. It was also assumed that the Irish people would not fight under the red color.

Macaulay in his history of England says the action of a weak ministry and a crazy King cost Britain her North American possessions, while the stupidity of the nation caused a vigorous branch (Ireland) of the British tree to wither.

These are incontrovertible facts, but the withered limb, when England was seen to be in peril, was suddenly healed, and Erin, forgetting her many wrongs, rushed to the aid of Brittannia.

John Redmond's declaration that 250,000 Irishmen are now fighting for Great Britain may be accepted as about the best answer that can be made to the charge that the national sympathies of the Emerald Isle are not earnestly enlisted in sympathy for the British cause. Every Irish soldier represents a reason, and combined they represent 250,000 reasons to show that in this time of stress and crisis Ireland is earnestly loyal to the flag of her national government.

Patrick T. Moran, State President of the Ancient Order of Hibernians at exercises in observance of the silver jubilee of the order in the District of Columbia at Gonzaga Hall last night said:

"I feel certain that if this country were called into the hostilities tomorrow, no European in the United State would respond to the stars and stripes more readily, and with truer patriotism than would the sons and daughters of Erin. No matter how we may love the dear land across the sea. we are still loyal citizens of these United States of America."

WHITHER ARE WE DRIFTING?

"We are facing conditions that are exactly like the conditions that immediately preceded the French revolution," declared Charles H. Taylor, of Baltimore, addressing the Socialist party of the District of Columbia at its headquarters on Sunday last. "But when we reach the period where the country is run by the interests and a revolution is on it will make the French revolution look like a Quaker Sunday school.

"Socialists are bending every effort to bring on a revolution. What we want is a solidified working class.

"Barbarism feudalism all suceed each other in the march of the human race. And the only thing that can succeed capitalism is socialism. Why oppose it?"

We fail to see conditions in the United States similar to those preceding the Erench revolution, and the speakers who make utterances like the above are ignorant of subject they handle or are bent upon wilfully deceiving people who know nothing whatever about the French revolution or the issues which precipitated that foul blot upon the civilized world. When the revolt against Louis the Sixteenth was festerng, a arge percentage of the French people were hewers of wood and bearers of water to arrogant classes who were exempt from taxes. The third estate—farmer and workingmen generally—were compelled to bear all the burdens of the state. They, very properly, objected to this and had the masses allowed the Girondists, who were not regicides, to settle the trouble, there would have been no revolution. All they asked was that all classes vie in supporting the government. They, however, were thrown aside by cut throats, who did not want ameliorating conditions, but blood and plunder as some in the United States want now.

All classes in our country are called upon to pay their proportion to meet the expenses of the state, and the condition of the workingmen of America is not to be compared to that of the masses in France at the time of the revolution. It was shown recently that engineers on some western railroads received as much pay as governors of certain states.

The cry against capital has been going up since the dawn of history and appeals of agitators, calling themselves socialists, should be weighed carefully. Capitalists are as necessary as mechanics in this world, and all workingmen should realize this.

We live in the era of the printing press and at a time when many millions are spent upon public education. Children are burdened with books on all sorts of studies, but the great mass leave school with bare smatterings of many things. It has often occurred to us that one of the most essential studies should be history. The sad story of Madame Roland, one of the greatest women ever born in France, would prove an offset to wild utterances akin to that quoted above This noble woman was decapitated because she did not approve of the reign of terror, although an earnest champion of liberty. To her this sentiment was a beautiful spotted serpent, dangerous to be handled. When she stood upon the guillotine she cast her eyes upon the statue of Liberty and exclaimed in words which have gone down the ages, "O Liberty, Liberty! What crimes are committed in thy name?"

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sort Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for $2.50.

Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation," by Dr. John F. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis is the child may be considered as due to lime starvation. . . . Among inorganic substances lime salts appear to be of special physiological importance . . . but if the salts are not in organic combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alterative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells.

Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alterative.

As it contains no opiates, narcotics or habit forming drugs, it is safe to try. Your druggist will order it for you or you can send direct.

WAIT FOR THE EITEL

Cruiser Essex Joins Allies' Ships—Length of Stay Unknown

Newport News, Va. March 17—The cruiser Essex has joined the squadron of British warships lying in wait off the Virginia coast for the German auxiliary cruiser Prinz Eitel Frederich, which is lying in this port, according to passengers on the Old Dominion liner Madison.

They declare that the Essex is lying off the capes, vigiliantly watching every ship that puts to sea from Newport News.

Commander Max Thierichens, with several of his officers, paid an official call yesterday on Secretary Daniels here aboard the presidential yacht Mayflower. He told Secretary Daniels the Eitel would go to sea. The Germans were cordially greeted by Mr. Daniels. Later, as the Mayflower steamed past the crippled Eitel Friedrich at her moorngs near the hull of the Pennsylvania, the German cruiser's band played the "Star-Spangled Banner" and the Mayflower responded with a salute.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

A TRIAL WILL CONVINCE ANYONE—THE GREAT KIDNEY REMEDY NEVER DISAPPOINTS.

A few years ago I was troubled with a complication of kidney and stomach ailments and although I tried two or three different doctors, I was unable to obtain a cure. Having heard a great deal about Swamp-Root, I decided to give it a trial and purchased a one-dollar bottle of Mr. Alexander, the druggist. From the beginning I could notice a change for the better and after taking eight bottles of your medicine, I felt entirely cured and have not had any trouble since.

Had I not began using Swamp-Root sooner, I would have been a few hundred dollars to the good and saved myself a lot of suffering.

You may use my testimonial any time you wish. Yours very truly,

CHARLES E. HARRIS,
460 Sixth St. Marion, Iowa.

I certify that Charles E. Harris signed the above testimonial in my presence, being first duly sworn to the truth thereof, this the 12th day of July, 1909.

ANTI-SALOON LEAGUE

Future Plans of the Organization to Be Considered by Committee

Norfolk, Va., March 17—The executive committee of the Virginia Anti-Saloon League was in session here yesterday afternoon. Rev. Dr. James Cannon took the lead in discussion of the report to be made.

The report of the legislative committee, prepared by Dr. Cannon, the chairman, will recommend that in the election of members of the Legislature this fall there shall be due regard for the record of the candidates for seats.

There is a disposition it is understood, to make no fight on such members as voted against the enabling act, provided such members will pledge themselves to stand by and vote for the measure which the league will advocate at the coming session of the Legislature.

Newport News, Va. March —17 Plans for strengthing and extending prohibition laws will be considered by the Virginia State Ant-Saloon League which met in convention here last night. Prohibition leaders from all over the State are here, among them a number of candidates for State offices.

"What Shall We Do With Our Victory" and the "Legislature of 1916" will be among the principal topics of discussion. The first is on the program for Thursday morning. The second willl be considered Thursday afternoon. The "political" discussion will be led by the Rev. J. Sidney Peters.

DOUBLY PROVEN

Alexandria Readers Can No Longer Doubt the Evidence

This Alexandria citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. J. B. Briscoe, 115 Prince St., Alexandria, says:

"A few years ago I allowed my name to be used publicly, telling of the great good Doan's Kidney Pills had done me and at this time my opinion of the remedy is not changed. I recommend it more strongly than before. My back was lame and sore and for five years, I just dreaded my housework on that account. After I took Doan's Kidney Pills, I felt a great deal better in every way."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Briscoe had. Foster-Milburn Co. Props., Buffalo, N. Y.

Workman Killed.

Chicago, March 17—Bruno Olenchek, a workman, was instantly killed early today, and seven men badly injured, some perhaps fatally, when a fly wheel on a dummy engine in the rail mill of the Illinois Steel Company at South Chicago broke.

Thirty-five tons of steel were scattered about the shop.

Destructive Fire.

Champagne, Ill., March 17—A business block was destroyed here by a fire which at 10.30 o'clock today was not under control.

Fire departments from Bloomington and Decatur were asked to come to the aid of the local department, and were on their way at that hour.

"GETS-IT" A SURE-SHOT FOR ALL CORNS.

Use Two Drops—And They Vanish.

When corns make you almost die when you endeavor to put your boots on, when you try to walk on the edge of your shoes to try to get away from your corns, you're way behind time if you have not used

"Murder! Everybody Tries to Step on My Corn!" Use "GETS-IT" and You'll Have No Corns to Be Stepped On.

"GETS-IT." It's the corn cure of the century, the new way, the sure, painless, simple way. It makes a fellow really feel foolish after he's used toe-eating salves, corn-biting ointments, toe-bundling bandages, blood-bringing razors, knives, files, scissors, jabbers and what-nots, when he uses just 2 drops of "GETS-IT" and sees his corn vanish. You won't wince when you put on your shoes in the morning. "GETS-IT" is sure, "gets" any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.
